# SUPPORT SYSTEM

# EQUIPMENT

## **EQUIPMENT**

**PROJECT SCOPE/DESCRIPTION:** This is a systematic equipment replacement program for long-life light and heavy equipment used by the department to carry out maintenance and construction jobs. Graders, front-end loaders, rollers, dump trucks, street sweepers, four-wheel drive vehicles, pickup trucks and sewer flushers are typical pieces of equipment.

**Grass Mowing Tractor** 

Street Sweeper

Snow Plows

Tree Trimmer

#### **EQUIPMENT (CONTINUED)**

**PROJECT JUSTIFICATION:** As equipment age increases, the maintenance costs for capital assets tend to rise. As these assets near the end of their useful lives, maintenance costs and asset reliability can become prohibitive. This reality has given rise to the concept of economic life, or the age beyond which it is more economical to replace an asset than it is to continue to maintain it. This is a common management practice in private industry. The department applies this simple concept to the management of its equipment replacement program which includes a 5 to 12 year period (light – heavy) to attain the desired fleet reliability levels. In doing so it has established economic life benchmarks for each and every equipment class in its 2,400+ item major equipment inventory and schedules replacements accordingly. As the department follows this model, it will manage the inventory, which taken as a whole will have a composite average age equal to the half-life of its entire inventory. At the end of FY 1999, as a result of years of under-investment in our equipment, the actual average age of the equipment inventory was 9.5 years versus a target half-life target of 4.6 years. To correct this imbalance the department – in FY 2000 – began a phased program to bring the actual half-life to target by the end of FY 2003. The interim age targets as the department moves forward are shown below:

Fiscal Year	Average Age	Average Age Actual				
	Goal					
1993	N/A	11.5 years				
1999	N/A	9.5 years				
2000	8.0 goal	8.0 years				
2001	7.5 goal	7.4 years				
2002	6.0 goal	7.0 years				
2003	4.6 goal	To be determined				
2004	4.6 goal	To be determined				

**County:** Statewide

**Municipality:** 

**Funding Program:** Support System – Equipment

Functional Category: Preservation
Representative District: Statewide
Senatorial District: Statewide
